

Learn About Different Careers

Think about what you enjoy—subjects, hobbies, or activities. Try new things like clubs, sports, creative projects, or coding.

Explore Interests

Jobs are diverse and constantly evolving. Use fun resources like career quizzes or videos to learn more.

Develop Key Skills

Focus on communication, teamwork, problem-solving, and creativity. Reading and digital skills are useful everywhere.

Understand Strengths

Identify what you're good at and what you'd like to improve. Careers often align with strengths and interests.

Keep an Open Mind

It's ok not to know what you want to do yet. Careers change over time—focus on learning and adaptability.

Role Models & Inspiration

Talk to family members or teachers about their jobs. Watch interviews with professionals.

Link School Subjects to Real Life

See how English, maths, science, art, and languages connect to real-world jobs. Example: Maths helps engineers design bridges.
